Personal information

Phone : 7486928151

E-mail : pushtisdoshi@gmail.com

Linkdin : www.linkedin.com/in/pushti-doshi

Address : Ahmedabad,Gujarat

Objective

Passionate Computer Engineering student with a solid grip on hardware and software. Skilled in C++, Java, and Python, IoT, with hands-on experience in algorithms, system analysis, and debugging. A fast learner, problem-solver, and team player, eager to explore emerging technologies and turn ideas into impactful solutions.

Education

Bachelor of Engineering / Computer Engineering /Ahmedabad Institute Of Technology,Gota, 2024 - Present

Diploma in Engineering / Computer Engineering /Government Polytechnic Fo Girls,Ahmedabad, 2021-2024

Soft Skills

Time Management
Problem Solving
Communication
Creativity & Innovation
Continuous Learning

Hard Core Skills

Programming Languages: C++, Java, Python, PHP
Web Development: PHP, Database Integration (MySQL/SQL)
Mobile Development: Android (Java, Android Studio)
Game Development: Python (Pygame / logic design)
System Analysis & Debugging
Algorithm Design & Implementation

Projects

- **Management Quota Admission Portal (PHP/MySQL) (2026):** Built a secure admission management web application with server-side validation, prepared statements, PDF upload handling, and session-based admin authentication.
- **AI-Based Legal Intelligence Agent(Python/Django/AI/ML) (2026):** Built a RAG-based AI system using Python, Django, and FAISS to perform semantic retrieval of IPC/BNS sections and generate context-aware legal guidance with structured statutory data indexing.

- **Brigade(React) (2025)** : Designed homemade food delivery website by using react and javascript for all waste food aur homemade food working like swiggy and zomato.
- **Bus Management Application (Android/Java) (2024)** : Built a mobile application for Ahmedabad BRTS to display bus routes, stops, and travel details. Designed features to assist students and visually impaired users by simplifying navigation.
- **Chat AI (PHP) (2023)**: Designed and developed a chatbot that provides stress and mental health support in a religious context. Implemented database integration for dynamic responses and user interaction.
- **Catch Coin (Python) (2022)**: Created an interactive game where players collect coins within 60 seconds to achieve high scores. Focused on game logic, user engagement, and real-time scoring.

Interests

- Photography
- Drawing
- Robotics
- Graphic Design
- Drama and Theater
- Coding

Language

- English
- Gujarati
- Hindi

Internship

- [**Android Application Development – VED Connect IT-Solutions**](#)

Completed a 6-week internship focused on building Android applications using Android Studio.

- [**Python Programming – CreArt Solutions**](#)

Completed a 2-week internship covering programming fundamentals, logic building, Python programming, and developing an email application.

Certificates

- **Code Unnati** - Ongoing

- **Machine Learning Specialization – Stanford Online & DeepLearning.AI** - Ongoing

- [**Cybersecurity & Ethical Hacking Workshop – Demmisto Technologies Pvt Ltd \(Aug 2025\)**](#)

Participated in a workshop on ethical hacking and cybersecurity practices, aligned with Cyber Security Awareness Month's initiative "Do Your Part, Be Cyber Smart."

- [**Google Developer Groups \(GDG\) On Campus & Ahmedabad Institute of Technology \(2025\)**](#)

Attended a session on GitHub, enhancing skills in version control, collaborative coding, and project management, as part of the GDG On Campus initiative to bridge the gap between academic theory and practical development.

- [**Cyber Security Awareness Month – DSCI & MyGov \(2025\)**](#)

Took the Cyber Security Awareness Month Pledge under the "Do Your Part, Be Cyber Smart" initiative, focusing on safe online practices and promoting cyber security awareness.

- [**NEW INDIA VIBRANT HACKATHON - 2023**](#)

Participated as a team member in the Regional Round of "New India Vibrant Hackathon," showcasing skills in problem-solving and innovation. This event was supported by the Student Start-up and Innovation Policy (SSIP), fostering a spirit of entrepreneurship and technical excellence.
